

Route 10 - Carisbrooke

A fairly easy ride on country lanes through the rural heart of the Island. Points of interest include the 13th century church at Gatcombe, and the 12th century church with mural of St Christopher, opposite the pub in Shorwell. Carisbrooke Castle is near the route and is well worth a visit. Look out for Clatterford Shute just within Carisbrooke, for a quiet and scenic return to the start.
